

Daystar Builders

Before

After

Main Street Square

Seal Beach, CA

An 8400 sq. ft. remodel retrofit of an historic barrel roof building in the revitalized Seal Beach downtown area. The extensive renovation to the exterior facade, sidewalks and structural upgrades, provided a new appeal to frequent beach goers. MCG Architects.

Stump's Market

Point Loma, CA

Complete interior decor change-out including new floor tile, quarry tile, epoxy, paint, lighting and decor elements. This exterior facade remodel with artistic elements and multiple finishes, included both day and night work. Completed in 60 days without interrupting business or any shut downs. MCG Architects.

Caribbean Tans

Seal Beach, CA

A challenging interior project due to the layout of the existing space. Daystar worked with the architect to develop pleasing, flowing space.

Lakewood Animal Hospital

Cerritos, CA

When VCA, the best animal hospital in the nation, decided to build the crown jewel of all facilities, it was only natural that they sought an equally visionary and talented partner to construct the hospital that they had in mind. That partner was Daystar Builders, who gladly undertook the task. Working hand in hand, VCA and Daystar embarked on the successful construction of their shared vision. With the skill of a surgeon and the strength of a bulldozer, Daystar soon brought to life not only a hospital but a safe haven for injured animals. The only spectacle that rivals the sheer beauty of this center is the fantastic and contemporary sculpture created by the renown artist Lyle London. It welcomes any and all animals in need as they approach. Even if you see the sheer magnitude of this facility aside, you cannot neglect that inside these walls resides a full surgical center equipped with all the latest medical technology. Every convenience and love is given to all animals admitted. In all truth, the interior of this care center holds the calming aura of a day spa. Pets are not just healed here, they are pampered.

Barrell's Ragin' Sushi

San Clemente, CA

The creation of this 6500 sq. ft. Euro-Asian restaurant included such features as sushi and sport bars, a dance floor and fine dining area.

Taco Rosa

Newport Coast, CA

Value engineering saved over \$42,000 on retail renovation for this upscale, 3,400 sq. ft., authentic Mexican restaurant. Total Concept Designs, architect.

Kuta Grille Restaurant

Foothill Ranch, CA

This spacious 6,000 sq. ft. restaurant takes diners to the South Pacific in a beautiful, California-casual dining atmosphere. The design utilizes teak as well as other traditional native materials. Fast-track schedule. Exline Design & Architects.

Architectural Construction Services

Costa Mesa, CA

This high-tech tenant improvement included an array of radius and serpentine walls, outstanding wood features and unusual finishes. The interior of this 14,000 sq. ft. corporate headquarters was completed in record time.

Dr. Ken Whelan

Aliso Viejo, CA

A 2500 sq. ft., high-end dental office and treatment center. Interior construction, MP&E engineering, design/build architecture.

Market Street Caffe & Rose City Grill

Santa Anita Fashion Park, Arcadia, CA

This unique 9500 sq. ft. restaurant structure integrates two outstanding restaurants into one common kitchen area. A class "A" construction project that features high-end interior custom finishes. Rose City's retro design is customized to represent the classic American diner. Market Street Caffe is an elegant Italian Trattoria. Exline Design & Architects.

Blue Eyed Girl

Laguna Beach, CA

Nestled among the shops along the Pacific Coast Highway in Laguna Beach, CA the Blue Eyed Girl reflects the eclectic beauty of the area. Once a furniture store, Daystar transformed the space into an elegant yet comfortable women's clothing boutique. Open ceilings, chandeliers, and brickwork create a unique and inviting atmosphere that draws shoppers in from the street. Daystar created a beautiful space that unites function and style.
